FOR IMMEDIATE RELEASE:

Aeroturn Wins Prestigious 2019 ASTORS Homeland Security Award For Best Pedestrian Entrance Control Solution at ISC East in NYC

Leading CT-based turnstile manufacturer ends the year with recognition for its groundbreaking turnstile solutions with an ASTORS award from American Security Today at ISC East 2019.

Oxford, CT – December 9, 2019, Aeroturn LLC, a leading turnstile manufacturer that offers 100% Made in The USA turnstiles, today announced that the company is the proud recipient of the 2019 Gold ASTORS Award from American Security Today for the best Pedestrian Entrance Control Solution. American Security Today’s Annual “ASTORS’ Awards prestigious program is the largest and most comprehensive in the industry, highlighting the most cutting-edge and forward-thinking security solutions coming onto the market today. The program is specifically designed to honor distinguished government and vendor solutions that deliver enhanced value, benefit and intelligence to end users in a variety of government, homeland security, enterprise, and public safety vertical markets in the acknowledgement of their outstanding efforts to keep our nation secure.

Aeroturn’s Integrated Modular Turnstile is a modular deployable turnstile system that can be redeployed into a modular turnstile platform. With this integration into a deployable or fixed module, the company once again exceeded the industry standard when it comes to scope, reliability, cost, and speed of positive passages. “We are honored to be recognized for the second consecutive year for our achievements in American Security Today’s distinguished 2019 “ASTORS” Awards Program for our cutting-edge pedestrian entrance control system, which helps prevent unauthorized entry in sensitive locations,” states Michael Stoll, Aeroturn’s VP of Technical Sales & Marketing

“As the nation continues to respond to escalating threats from home and abroad, the innovative solutions recognized here today have been developed to prevent, address, and mitigate those threats. The evolving threat landscape continues to support tremendous growth in the field of Homeland Security,” said Michael Madsen, co-founder and publisher of American Security. “Today, the United States is increasingly focusing on innovative physical and IT/cyber security solutions and they are calling on government and industry leaders like Aeroturn to help them do so.”

“ASTORS’ nominations are evaluated on their technical innovation, interoperability, specific impact within the category, overall impact to the industry, relatability to other industry technologies, and application feasibility outside of the industry,” according to Tammy Waitt, co-founder and editorial director of American Security Today.
**About Aeroturn LLC**

Based out of our 100% Made in USA Oxford, CT location, Aeroturn has been offering integrators and end users this century’s turnstiles that include a comprehensive range of turnstile products. With an engineering team that is second to none; the team has been together for over two and a half decades in the product design, development and manufacturing field and continues to lead the way in the security industry.
